Seasonal Influenza Programme 2021 Workforce Data/ Vaccine Stocks – Deadline COP 16th September

Dear Colleague

Thank you for your ongoing support and commitment with the planning required for this year's flu programme.

The Covid environment and extended nature of the flu programme make for potentially challenging delivery models this year and we are keen to identify any specific areas of concern that we may be able to support you with while we have a window of opportunity to do so. There are also a number of crossover points between flu and the Covid mass vaccination planning that is currently underway and there may be potential to accelerate elements of the Covid planning work to potentially support the flu programme in your locality.

We are seeking your support to answer a small number of questions that can be found by following the attached link.

<https://forms.office.com/Pages/ResponsePage.aspx?id=kp4VA8Zyl0umSq9Q55Ctv28xH6A58o9PqB7irbtMyvtUODJUOFQxUUVBMTI2Q0IPUIZCMkJEUVRZVS4u>

The survey covers a small number of key areas of flu planning at a practice level and should hopefully only take a few minutes of your valuable time to complete. **It would be really appreciated if you could provide the requested information by close of business on Wednesday 16th September.**

If you have any queries or concerns, please contact
england.swscreeningandimms@nhs.net.

Kind regards,

Hayley Ware
